Writing Arabic or English Texts
using {Taha} or {wAw} and {brAy} methods

Geometric Method {Taha} and writing Arabic way {wAw} are used equally for writing Arabic or English texts by typing Latin matching letters {lml} which can be transformed to Geometric letters {Taha} or to Braille matching letters {brAy } by using the proper font. Reversed (lml) lines are used in Arabic and reversed Geometric letters {Taham} are used in English.

Arabic text written using {Taha}, {lml} and {brAy} Alphabets

أنا البَحرُ في أحشائِه الدُّرَّ كامنٌ

{Taha} - (geometric script)

{lml} MnimAk urrudd- ihixAFcax If urcabl- Anax
