

Writing Arabic Text using {Taha}{brAym} and English Text using {Taham}{brAy}

Geometric Method {Taha} and writing Arabic way {wAw} are used equally for writing Arabic or English texts by typing Latin matching letters {lml} which can be transformed to Geometric letters or to Braille matching letters {brAy } by using the proper font.

Reversed {brAy} letters {brAym} and reversed Arabic (lml) lines are used in Arabic while reversed Geometric letters {Taham} are used in English.
