

Writing Arabic and English Texts using {Taha}, {wAw} and {brAy} Methods

Geometric method (**Taha**), Writing Arabic way {wAw} and unified Braille method {brAy} are used equally for writing Arabic and English texts by typing Latin matching letters (**lml**). By editing some capital letters we obtain Arabic or English (**wAw**) texts written from left to right.

Arabic (lml) text can be transformed into Geometric letters {Taha} or reversed {brAy} letters {brAym} by reversing the (lml) lines and by using the proper font. **English (lml)** text can be transformed into Mirrored Geometric letters {Taham} or {brAy} letters by using the proper font.

Arabic text written using {Taha}, {brAym} and {wAw} Alphabets

أنا البحرُ في أحشائه الدرُّ كامنٌ

{Taha} - xanA -lbacru fl xacshaxihi -ddurru kAminun

{brAym} - xanA -lbacru fl xacshaxihi -ddurru kAminun

xanA -lbacru fl xacshaxihi -ddurru kAminun - {wAw}

قَهْلٌ سَأَلُوا الْعَوَّاصِنَ عَن صَدَفَاتِي

{Taha} - fahal saxalU -lghawwaSa qan SadafAtl

{brAym} - fahal saxalU -lghawwaSa qan SadafAtl

fahal saxalU -lghawwaSa qan SadafAtl - {wAw}

English text written using {Taham}, {brAy} and {wAw} Alphabets

I'am the sea hiding pearls in my deep water

{Taham} - xAy -am dha sl hAyding pErlz xin mAy dlp wOtar

{brAy} - xAy -am dha sl hAyding pErlz xin mAy dlp wOtar

{brAy} - xAy -am dha sl hAyding pErlz xin mAy dlp wOtar

xAy -am dha sl hAyding pErlz xin mAy dlp wOtar - {wAw}

Did they ask the diver about my shells?

{Taham} - did dhEy xAsk dha dAyvar xabAwt mAy shelz?

{brAy} - did dhEy xAsk dha dAyvar xabAwt mAy shelz?

did dhEy xAsk dha dAyvar xabAwt mAy shelz? {wAw}
